CHARACTERISTICS OF GEM

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

regulations of the relevant territory or jurisdiction including the obtaining of any governmental or other consents for observing any other formalities which may be required in such territory or jurisdiction, and to pay any taxes, duties and other amounts required to be paid in such territory or jurisdiction in connection therewith. Any acceptance by any person will be deemed to constitute a representation and warranty from such person to the Company that these local laws and requirements have been complied with. Subscription Price

The Subscription Price is HK\$0.15 per Rights Share, payable in full upon acceptance of the relevant provisional allotment of Rights Shares and, where applicable, application for excess Rights Shares under the Rights Issue or when a transferee of nil-paid Rights Shares applies for the Rights Shares.

The Subscription Price represents:

- (a) a discount of approximately 34.21% to the equivalent closing price of HK\$0.228 per Share based on the closing price of HK\$0.057 per Old Share as quoted on the Stock Exchange on the Last Trading Day and adjusted taking into account the effect of the Share Consolidation;
- (b) a discount of approximately 17.13% to the theoretical ex-rights price of approximately HK\$0.181 per Share based on the closing price of HK\$0.057 per Old Share as quoted on the Stock Exchange on the Last Trading Day and adjusted taking into account the effect of the Share Consolidation;
- (c) a discount of approximately 34.78% to the equivalent average closing price of approximately HK\$0.230 per Share based on the average closing price per Old Share as quoted on the Stock Exchange for the five consecutive trading days up to and including the Last Trading Day and adjusted taking into account the effect of the Share Consolidation;
- (d) a discount of approximately 1.32% to the closing price of HK\$0.152 per Share as quoted on the Stock Exchange on the Latest Practicable Date; and
- (e) a discount of approximately 60.63% to the audited consolidated net asset per Share as at 31 March 2017 of approximately HK\$0.381 per Share, based on the equity attributable to the owners of the Company of HK\$476,485,000 and 1,249,963,325 Shares.

The Subscription Price was determined after arm's length negotiations between the Company and the Underwriter with reference to the market price of the Shares and the prevailing market conditions and taking into consideration the effect of the Share Consolidation. The Directors consider that the terms of the Rights Issue, including the Subscription Price which has been set at a reasonable discount to the recent closing prices of

LETTER FROM THE BOARD

the Shares with an objective of encouraging Shareholders to take up their entitlements so as to participate in the potential growth of the Company in the future, to be fair and reasonable and in the best interests of the Company and the Shareholders as a whole. The net subscription price per Rights Share will be approximately HK\$0.14.

Apart from the aforesaid, in coming up with the current subscription ratio for the Rights Issue and the Subscription Price, the Company has also considered the following factors:

- (i) the subscription ratio for the Rights Issue is determined after taking into account the estimated funding requirements of the Company and the Subscription Price;
- (ii) during negotiation of the Underwriting Agreement, it has been indicated to the Company that it is essential for setting the Subscription Price at a reasonable level of discount for inducing the Underwriter to provide underwriting services under the Rights Issue and attracting all of the Qualifying Shareholders to participate in the Rights Issue;
- (iii) the fluctuation of the prevailing trading prices of the Old Shares in the past five months prior to the Last Trading Day, in the range from the lowest of HK\$0.032 per Old Share on 27 April 2017 to the highest of HK\$0.078 per Old Share on 7 June 2017;
- (iv) in view of the uncertainties in the financial market in Hong Kong as a result of the uncertainties stemming from fluctuating market sentiment, capital flow, trend of interest rate, volatility in money supply in different major economies and different economic decisions made by different countries, the Directors consider it will be difficult to attract the Qualifying Shareholders to reinvest in the Company through the Rights Issue if the Subscription Price was not set at a reasonable level of discount to the historical trading prices of the Shares;
- (v) under the Rights Issue, all the Qualifying Shareholders will be offered the same opportunity to maintain their proportionate interests in the Company and to participate in the growth and development of the Company. Should the Qualifying Shareholders participate in the Rights Issue, they will be subscribing the Rights Shares at a lower price as compared to the historical and prevailing market price of the Shares;
- (vi) inherent dilutive nature of the Rights Issue in general if the Qualifying Shareholders did not take up their entitlements under the Rights Issue in full. However, the Qualifying Shareholders have the first right to decide whether to accept their entitlements of the Rights Shares; and
- (vii) although the Rights Issue has an inherent dilutive nature, it is subject to Independent Shareholders' approval, which means that the Independent Shareholders have a right to disapprove the Rights Issue.

LETTER FROM THE BOARD

In view of the above, the Directors consider the terms of the Rights Issue, including the Subscription Price which has been set as a discount to the theoretical closing price of the Shares on the Last Trading Day with an objective to encourage existing Shareholders to take up their entitlements so as to participate in the potential growth of the Company, to be fair and reasonable and in the best interests of the Company and the Shareholders as a whole.

Status of the Rights Shares

The Rights Shares, when allotted and fully paid, will rank in *pari passu* in all respects with the Shares then in issue. Holders of fully-paid Rights Shares will be entitled to receive all future dividends and distributions which may be declared, made or paid on or after the date of allotment of the Rights Shares.

Fractions of Rights Shares

The Company will not provisionally allot fractions of Rights Shares in nil-paid form to the Qualifying Shareholders. All fractions of Rights Shares will be aggregated (and rounded down to the nearest whole number) and all nil-paid Rights Shares arising from such aggregation will be sold in the market for the benefit of the Company if a premium (net of expenses) can be obtained. Any unsold aggregated fractions of Rights Shares will be made available for excess application by the Qualifying Shareholders under the EAF(s).

Share certificates and refund cheques for the Rights Issue

Subject to fulfilment of the conditions of the Rights Issue, share certificates for all fully-paid Rights Shares are expected to be sent on or before Friday, 17 November 2017 by ordinary post to the allottees, at their own risk, to their registered addresses. Each Shareholder will receive one share certificate for all allotted Rights Shares. Refund cheques in respect of wholly or partially unsuccessful applications for the excess Rights Shares (if any) are expected to be sent on or before Friday, 17 November 2017 by ordinary post to the applicants, at their own risk, to their registered addresses.

Procedure for acceptance and payment or transfer

For each Qualifying Shareholder, a PAL is enclosed with this Prospectus which entitles Qualifying Shareholders to subscribe for the number of Rights Shares shown therein. Qualifying Shareholders may apply, by way of excess application, (i) for any unsold entitlements of the Non-Qualifying Shareholders; (ii) for any Rights Shares provisionally allotted but not accepted; and (iii) any unsold Rights Shares arising out of the aggregation of fractional entitlements.

Application for excess Rights Shares can be made only by duly completing and signing the EAF (in accordance with the instructions printed therein) and lodging the same with a separate remittance for the excess Rights Shares being applied for with the Registrar by

LETTER FROM THE BOARD

4:00 p.m. on Friday, 10 November 2017. The Directors will allocate the excess Rights Shares at their discretion on a fair and equitable basis and as far as practicable on the following principles.

1. Subject to the availability of sufficient excess Rights Shares, preference may be given to applications for less than a board lot of Rights Shares where they appear to the Directors that such applications are made to top up odd-lot holdings to whole-lot holdings and that such applications are not made with the intention to abuse this mechanism.
2. After applying the principle in (1) above, the remaining excess Rights Shares, if any (if preference is given) or all excess Rights Shares (if no preference is given) will be allocated on a pro-rata basis with reference to the number of excess Rights Shares applied for by the relevant Qualifying Shareholders, with flexibility to round up to whole board lots at the discretion of the Directors.

In the event that the Company discovers any unusual pattern of excess applications and has reason to believe that any applications may have been made with the intention to abuse the mechanism under principle (1) above, the Board reserves the rights and absolute discretion to reject any excess application which appears to them to be made with intention to abuse the top up odd lots mechanism while other applications are not affected and will be allocated according to the above principles (1) and (2).

Shareholders with Shares held by a nominee (or which are held in CCASS) should note that the Board will consider the nominee (including HKSCC Nominees Limited) as one single Shareholder according to the register of members of the Company. Accordingly, such Shareholders should note that the aforesaid arrangement in relation to the allocation of the excess Rights Shares will not be extended to the relevant beneficial owners individually. Shareholders with Shares held by a nominee (or which are held in CCASS) are advised to consider whether they would like to arrange for the registration of their relevant Shares under the names of the beneficial owners prior to the Record Date for the purpose of the Rights Issue. Shareholders and investors should consult their professional advisers if they are in doubt as to their status.

Application for excess Rights Shares may be made by completing and signing the enclosed EAF in accordance with the instructions printed thereon and lodging it, together with a separate remittance for the full amount payable on application in respect of the excess Rights Shares applied for, with the Registrar by no later than 4:00 p.m. on Friday, 10 November 2017. All remittances must be made in Hong Kong dollars. Cheques must be drawn on an account with, and banker's cashier orders must be issued by, a licensed bank in Hong Kong and made payable to "ROMA GROUP LTD — EXCESS APPLICATION ACCOUNT" and crossed "ACCOUNT PAYEE ONLY".

If no excess Rights Shares are allotted to the Qualifying Shareholders, the amount tendered on application is expected to be returned to such Qualifying Shareholders in full by ordinary post at their own risk to their registered addresses on or before Friday, 17 November 2017. If the number of excess Rights Shares allotted to the Qualifying Shareholders is less than that applied for, the surplus application money is also expected to be returned to them by

LETTER FROM THE BOARD

ordinary post at their own risk to their registered addresses on or before Friday, 17 November 2017. All cheques or banker's cashier orders will be presented for payment upon receipt and all interest earned on such monies, if any, will be retained for the benefit of the Company. Completion and return of the EAF together with a cheque or banker's cashier order in payment for the excess Rights Shares applied for will constitute a warranty by the applicant that the cheque or banker's cashier order will be honoured on first presentation. If the cheque or banker's cashier order is dishonoured on first presentation, the application for excess Rights Shares is liable to be rejected.

The EAF is for use only by the person(s) to whom it is addressed and is not transferable. All documents, including cheques or banker's cashier orders for amounts due, will be sent at the risk of the persons entitled thereto to their registered addresses by the Registrar.

If the conditions of the Rights Issue are not fulfilled by the Latest Time for Termination, the Rights Issue will not proceed and the monies received in respect of application for excess Rights Shares without interest will be returned to the applicants by means of cheques crossed "ACCOUNT PAYEE ONLY" to be despatched by post to their registered addresses and, in the case of joint applicants, to the registered address of the applicant whose name first appears on the register of members of the Company at the risk of such applicants on or before Friday, 17 November 2017.

LETTER FROM THE BOARD

THE UNDERWRITING AGREEMENT

On 14 August 2017 (after trading hours), the Company and Emperor Securities entered into the Underwriting Agreement in respect of the underwriting arrangement for the Rights Issue. The principal terms of the Underwriting Agreement are as follows:

Date	:	14 August 2017 (as supplemented on 28 September 2017)
Underwriter	:	Emperor Securities
Total number of Rights Shares being underwritten by the Underwriter	:	1,874,944,986 Rights Shares
Commission	:	Emperor Securities shall receive 7% of the aggregate Subscription Price of the number of Rights Shares underwritten by it

The Rights Issue is fully underwritten by Emperor Securities pursuant to the Underwriting Agreement.

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, Emperor Securities, and its ultimate beneficial owner(s) are third parties independent of and not connected with the Company and its connected persons (as defined under the GEM Listing Rules).

The terms of the Underwriting Agreement (including the commission rate) were determined after arm's length negotiation between the Company and the Underwriter with reference to the existing financial position of the Group, the size of the Rights Issue, and the current and expected market condition.

Apart from the aforesaid, the Directors had taken into account the following factors to consider the fairness and reasonableness of the terms of the Underwriting Agreement (including the commission rate):

- a. according to the annual report of the Company for the year ended 31 March 2017, the profit and total comprehensive income attributable to owners of the Company dropped significant by approximately 42.08% from approximately HK\$36.6 million for the year ended 31 March 2016 to approximately HK\$21.2 million for the year ended 31 March 2017. Taking into the current financial position of the Group, the Directors consider that the Company may have to pay a higher commission in order to increase the attractiveness for the underwriters to provide the underwriting services.

LETTER FROM THE BOARD

- b. according to the information from the website of the Stock Exchange, the average daily trading volume of the Old Shares from March 2017 and up to the Last trading Day was below 1% of the total issued shares of the Company, which shows a thin average daily trading volume of the shares of the Company.
- c. the fact that the subscription ratio of the Rights Issue will lead to the existing total issued shares capital of the Company being enlarged by approximately 1.5 times and that the Company is listed on the GEM is generally regarded as a more risky investment by investors. Furthermore, the rights issue conducted by the Company in 2014 was under-subscribed. As such, the Underwriter would expect a higher commission return for it to provide the underwriting services.

In view of the above, the Directors consider that the terms of the Underwriting Agreement (including the underwriting commission) are fair and reasonable and in the best interest of the Company and the Shareholders as a whole.

Termination of the Underwriting Agreement

If, prior to the Latest Time for Termination, one or more of the following events or matters shall occur, arise, exist, or come into effect:

- (i) the introduction of any new regulation or any change in existing law or regulation (or the judicial interpretation thereof) or other occurrence of any nature whatsoever after the signing of the Underwriting Agreement;
- (ii) the occurrence of any local, national or international event or change (whether or not forming part of a series of events or changes occurring after the signing of the Underwriting Agreement or continuing after the signing of the Underwriting Agreement) of a political, military, financial, economic or other nature, or in the nature of any local, national or international outbreak or escalation of hostilities or armed conflict, or affecting local securities markets;
- (iii) any material adverse change after the signing of the Underwriting Agreement in the business or in the financial or trading position of any member of the Group;
- (iv) any act of God, war, riot, public disorder, civil commotion, fire, flood, explosion, epidemic, terrorism, strike or lock-out occurred after the signing of the Underwriting Agreement;
- (v) after signing of the Underwriting Agreement, there occurs or comes into effect the imposition of any moratorium, suspension or material restriction on trading in Shares or Consolidated Shares (as the case may be) generally on the Stock Exchange whether due to exceptional financial circumstances or otherwise;
- (vi) there is, after the signing of the Underwriting Agreement, any change or any development involving a prospective change in market conditions (including, without limitation, a change in fiscal or monetary policy or foreign exchange or currency markets, suspension or restriction of trading in securities, imposition of economic

sanctions, on Hong Kong, the People's Republic of China or other jurisdiction relevant to any member of the Group and a change in currency conditions for the purpose of this paragraph includes a change in the system under which the value of the Hong Kong currency is pegged with that of the currency of the United States of America) occurs; or

- (vii) the Circular and/or this Prospectus when published contain information (either as to business prospects or the condition of the Group or as to its compliance with any laws or the GEM Listing Rules or the Takeovers Code or any applicable regulations) which has not prior to the date of the Underwriting Agreement been publicly announced or published by the Company,

which is or are in the absolute opinion of the Underwriter:

- (a) likely to have a material adverse effect on the business or financial or trading position or prospects of the Group as a whole; or
- (b) likely to have a material adverse effect on the success of the Rights Issue or the level of the Rights Shares taken up; or
- (c) make it inappropriate, inadvisable or inexpedient to proceed further with the Rights Issue,

the Underwriter shall be entitled by notice in writing to the Company, served prior to the Latest Time for Termination, to terminate the Underwriting Agreement.

The Underwriter shall be entitled by serving a notice in writing to terminate the Underwriting Agreement if prior to the Latest Time for Termination:

- (ii) any Specified Event comes to the knowledge of any of the Underwriter.

Any such notice shall be served by the Underwriter prior to the Latest Time for Termination.

Upon giving of such notice pursuant to the Underwriting Agreement, all obligations of the Underwriter and the Company under the Underwriting Agreement shall cease and determine (without prejudice to the rights of any party in respect of antecedent breach) provided that the Company shall remain liable to pay to the Underwriter such fees and expenses (other than the underwriting commission) payable by the Company pursuant to the Underwriting Agreement. If the Underwriter exercises such right, the Rights Issue will not proceed.

The conditions precedent set out in paragraphs (I) to (VII) are incapable of being waived by the Underwriter and the Company. The Underwriter may waive the condition precedent set out in paragraph (VIII) in whole or in part by written notice to the Company.

As at the Latest Practicable Date, conditions (I) to (III) had been fulfilled and the Company was not aware of any matter which would render conditions (IV), (VII) and (VIII) being unable to be fulfilled. Conditions (V) and (VI) above are expected to be fulfilled on the Posting Date.

If the conditions precedent set out in the above paragraphs are not satisfied (or, if applicable waived in whole or in part by the Underwriter) by the respective time and dates specified therein or if no time and date is specified by no later than the latest time for acceptance of the Rights Issue (or such other time as may be extended by the Underwriter (as permitted under the relevant legal and regulatory requirements)) and/or the condition precedent (VIII) does not remain fulfilled (unless waived by the Underwriter) up to the Latest Time for Termination, the Underwriting Agreement shall terminate (save in respect of the provisions in relation to fees and expenses payable to the Underwriter, indemnity, notices and governing law

placing and underwriting services, has agreed to sub-underwrite a maximum of 100,000,000 Rights Shares representing approximately 5.33% of the total number of Rights Shares and approximately 3.20% of the total number of Shares in issue after the Rights Issue; (c) each of Get Nice Securities Limited, CS Wealth Securities Limited and the other five sub-underwriters and their respective ultimate beneficial owners are all independent third parties not connected with the Company and its connected parties.

REASONS FOR THE RIGHTS ISSUE AND USE OF PROCEEDS

The principal activity of the Company is investment holding. The Group is principally engaged in the provision of valuation and technical advisory services and financing services in Hong Kong.

The gross proceeds of the Rights Issue will be approximately HK\$281.2 million. The estimated net proceeds from the Rights Issue after deducting all necessary expenses will be approximately HK\$257.5 million. Taking into account the high demands in the financing services market, the Company will allocate approximately HK\$135 million of the estimated net proceeds for expanding the Group's existing financing services business by increasing the loan portfolio to capture the excess demand of the Group's financing services. In order to prepare for the increasing size of the business, the Group will strengthen the team for provision of financing services by increasing headcounts with persons of appropriate qualification and sufficient market experience in handling the Group's increasing loan portfolio. The Company expects to utilize part of the proceeds by the fourth quarter of 2017.

Taking into account the size and the market price of the potential business to be acquired, the Company will allocate approximately HK\$90 million of the estimated net proceeds for future investment opportunities to be identified, including but not limited to acquiring similar businesses for expansion. The primary aim of the acquisitions is to broaden the market shares of the Group's existing businesses and thus increase the revenue base of the Group. The Company intends to spend i) approximately HK\$50 million for expansion and/or enhancement of the Group's valuation and advisory businesses, including but not limited to acquiring reputable and sizeable valuation and/or advisory firm to enhance the market share in valuation and advisory industry in Hong Kong and expand the current valuation and advisory businesses by recruiting specialists to improve the valuation and advisory services performance; and ii) approximately HK\$40 million for expanding financing services business by acquiring firm of similar business nature and/or loan portfolio in order to immediately increase the market presence for the Group and improve the resource and competitiveness in the provision of financing services business of the Group. The Company will also consider any other opportunities to be identified by the Group which align with the Group's then existing businesses for further expansion.

The Directors are of the opinion that the Rights Issue can provide the Company with flexibility and ability to capture any appropriate investment opportunities promptly when they arise in the near future. The Company expects to commence negotiation process with potential sellers for acquiring potential business within three months after the completion of the Rights Issue and to complete the first acquisition utilizing at least HK\$35 million of the proceeds from the Rights Issue which is allocated for futures investment opportunities by the first quarter of 2018. As at the Latest Practicable Date, no such investment opportunities have been

LETTER FROM THE BOARD

identified and the Company has not entered, or proposes to enter, into any agreement, arrangement, understanding or undertaking and any negotiation regarding the future business development including any acquisition of new business or disposal of its existing business.

The remaining balance of HK\$32.5 million for general working capital of the Group including but not limited to enhancing the quality and expanding the management and professional teams which is expected to utilize part of the proceeds by the fourth quarter of 2017.

The Directors consider that it is appropriate to propose the Rights Issue as a means of fund raising for the Group's future expansion. The Directors also consider that the terms of the Rights Issue, including the Subscription Price and the rate of the underwriting commission, are fair and reasonable based on current market conditions. Accordingly, the Board considers that the Rights Issue is in the interests of the Company and the Shareholders as a whole.

Financing methods

In addition to the proposed Rights Issue, the Company has also considered other financing methods such as debt financing, placing of Shares and open offer.

a. Debt financing

In regard to debt financing, as it will create interest payment obligations on the Group, incur additional finance costs burden and increase the gearing ratio of the Group, the Directors are of the view that it would not be in the best interests of the Shareholders as a whole.

b. Placing

In regard to placing of Shares, as it will not provide an equal opportunity for all the Shareholders to participate and it will deprive the Shareholders of the opportunity to maintain their proportional shareholdings, thereby diluting the interest of the existing Shareholders, the Directors are of the view that it would not be in the best interests of the Shareholders as a whole.

c. Open Offer

In regard to open offer, as it will be less beneficial to Shareholders in comparison with the Company's proposed Rights Issue as the Shareholders will not have the flexibility to sell their nil-paid rights on the open market in an open offer, the Directors are of the view that it would not be in the best interests of the Shareholders as a whole.

After considering the above factors, the Directors consider that the Rights Issue is the best fund raising method for the Company under the existing situation.

Since April 2017, the Company had approached four financial institutions including Emperor Securities, for potential fund raising activities in order to fulfill the capital needs for the Company. Taking into account the market conditions, the Company's financial

LETTER FROM THE BOARD

position, the market capitalization of the Company, the historical Share price, the trading liquidity of the Shares, the proposed Rights Issue is the best offer that the Company can be negotiated under the current situation from those financial institutions. Furthermore, Emperor Securities was the underwriter to the rights issue of the Company completed in December 2014 and hence Emperor Securities has a proven track record of successfully underwriting shares for the Company in the past.

As at the Latest Practicable Date, the Company does not have any intention or plan to conduct other fundraising activities in the coming 12 months.

FUND RAISING ACTIVITIES INVOLVING ISSUE OF SECURITIES IN THE PAST 12 MONTHS

The Company has not conducted other equity fund raising exercise in the 12 months immediately preceding the date of the Announcement.

TAXATION

Qualifying Shareholders are recommended to consult their professional advisers if they are in any doubt as to the tax implications of the holding or disposal of, or dealing in, the Rights Shares in both their nil-paid and fully-paid forms and, as regards the Non-Qualifying Shareholders, their receipt of the net proceeds of sale of the Rights Shares in their nil-paid form otherwise falling to be issued to them under the Rights Issue. It is emphasised that none of the Company, its Directors or any other parties involved in the Rights Issue accepts responsibility for any tax effects or liabilities of the holders of the Rights Shares resulting from the purchase, holding or disposal of, or dealing in, the Rights Shares in both their nil-paid and fully-paid forms.

WARNING OF THE RISKS OF DEALING IN SHARES AND RIGHTS SHARES

Any Shareholders or other persons contemplating selling or purchasing Rights Shares in their nil-paid form during the period from Tuesday, 31 October 2017 to Tuesday, 7 November 2017 (both dates inclusive) who are in any doubt about their position are recommended to consult their professional advisers. Any Shareholders or other persons dealing in the Shares up to the date when the conditions of the Rights Issue are fulfilled or waived (as applicable) (and the date on which the Underwriter's right of termination or rescission of the Underwriting Agreement ceases) and any persons dealing in the nil-paid Rights Shares during the period from Tuesday, 31 October 2017 to Tuesday, 7 November 2017 (both dates inclusive) will accordingly bear the risk that the Rights Issue could not become unconditional or does not proceed.

During the year ended 31 March 2017, the Group's provision of valuation and advisory services contributed approximately 67.8% of the total revenue to the Group. Despite the sluggish economy in Hong Kong in 2016, the Group made an effort to maintain a growth trend and recorded a slight increase in revenue generated from the provision of valuation and advisory services of approximately 0.3% as compared with that for the year ended 31 March 2016. The Group always tries its best endeavor to explore various merger and acquisition opportunities and/or business collaboration to enhance its market presence in the valuation and advisory industry in Hong Kong.

The Group's provision of financing services contributed approximately 32.2% of the total revenue to the Group for the year ended 31 March 2017. With the net proceeds from the rights issue of Shares in December 2014 and the placing of Shares in February 2016, the Group has continue to develop the provision of financing services and maintained its loan portfolio size. During the year ended 31 March 2017, the Group had similar loan portfolio as at the beginning of current financial year, which mainly included, among others, loans secured by charges over equity and properties. In view of the fluctuating property market in Hong Kong and more stringent policies imposed to agents for the financing services industry, the Group's interest income generated from provision of financing services for the year ended 31 March 2017 decreased by approximately 14.9% as compared with that for the year ended 31 March 2016. In addition, the recognition of impairment loss on certain loans and interests receivable significantly increased by approximately 46.2% for the year ended 31 March 2017 as compared with that for the year ended 31 March 2016.

With the continuous expansion of the Group, the Group's employee benefit expenses increased by approximately 6.7% for the year ended 31 March 2017 as compared with that for the year ended 31 March 2016. The Group always considers its professional teams as the most valuable asset of the Group and offers competitive remuneration package to attract and retain high-caliber individuals.

5. FINANCIAL AND TRADING PROSPECTS OF THE GROUP

In July 2017, the Group has entered into sale and purchase agreements in relation to acquisitions of certain percentage of issued shares of two companies, one of which is licensed by the Securities and Futures Commission of Hong Kong to conduct type 1 (dealing in securities), type 2 (dealing in futures contracts), type 3 (leveraged foreign exchange trading) and type 9 (asset management) regulated activities under the SFO and the other is principally engaged in money lending business. Upon completion of the said acquisitions, the Group will

then have an opportunity to participate in the securities trading industry and to diversify from its existing businesses, and will thereby be able to broaden its sources of income. Besides, the Group can leverage on the extensive network and customer base of the acquired corporations.

The Group proactively explores further merger and acquisition opportunities and/or business collaboration with the aim of maintaining and enhancing the Group's market presence in the industries of its existing businesses.

The Board remains confident on and committed to the continuation of the Company's mission to maintain a leading position in Hong Kong, through dedication, innovation and expansion so as to deliver sustainable growth and profitability to the Group.
