September 2024

Highlights

“ Commemorating a Milestone: Celebrating **75 Years** of the People's Republic of China and Embracing the Future of Esports ”

Wan Chai District Association and Sing's Power Association recently hosted a six-day event at Windsor House in Causeway Bay, Hong Kong, to commemorate the 75th anniversary of the founding of the People's Republic of China while also embracing the rapidly growing world of esports.

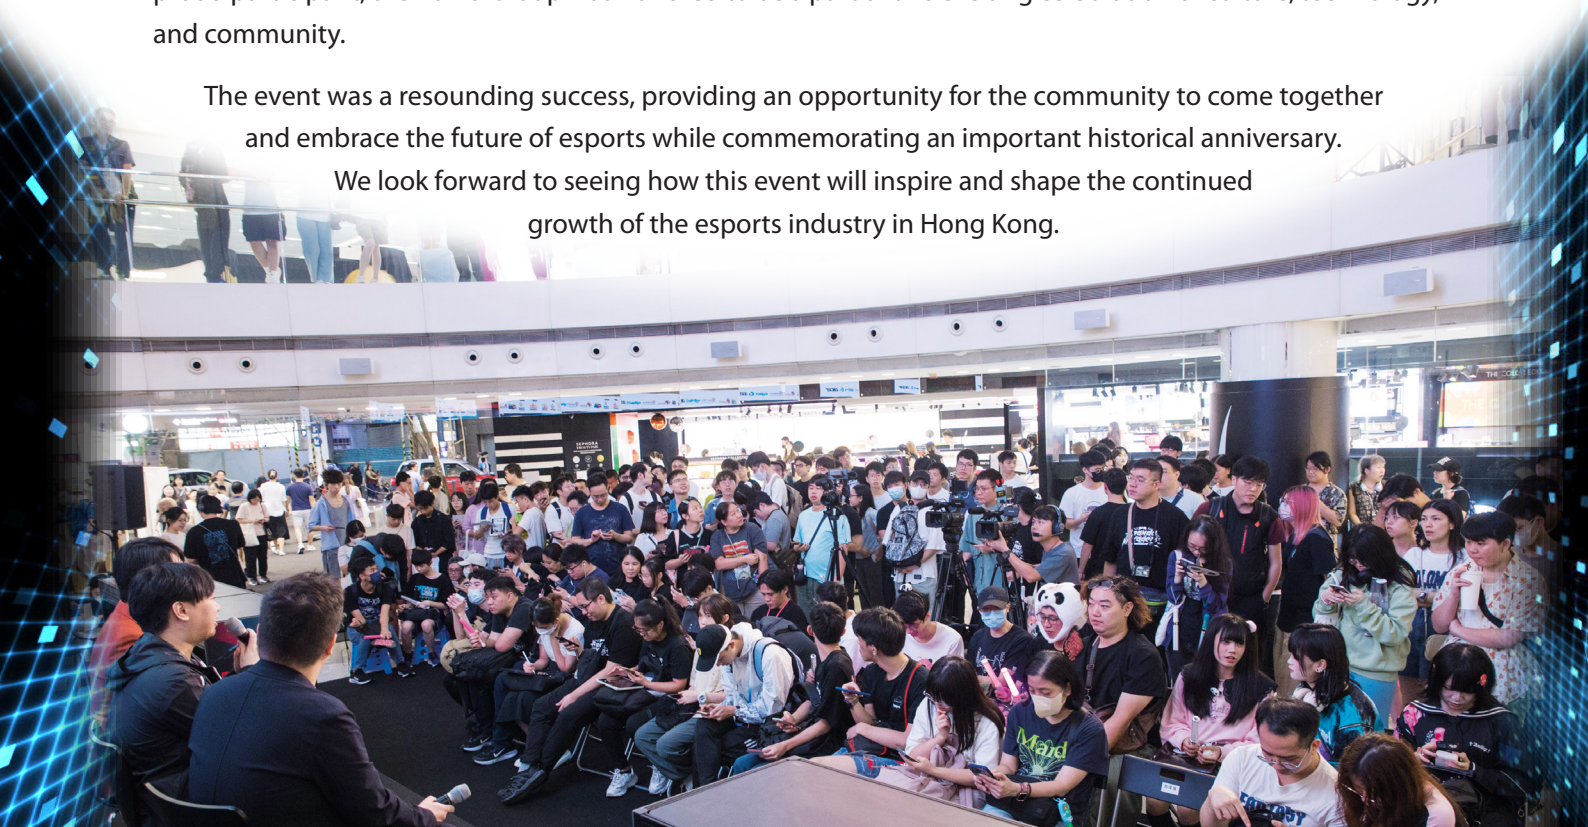

From September 4th to 9th, this highly anticipated event featured thrilling esports competitions and immersive experiences, as well as a raffle for the residents of Hong Kong Island. A total of 44 esports teams were invited to participate, with the competition progressing from the top 64 to the finals.

Through this event, the organizers aimed to foster a positive attitude towards esports, educate the public about the industry, and share in the joy of celebrating this significant milestone in our nation's history. As a proud participant, the Roma Group was honored to be a part of this exciting celebration of culture, technology, and community.

The event was a resounding success, providing an opportunity for the community to come together and embrace the future of esports while commemorating an important historical anniversary.

We look forward to seeing how this event will inspire and shape the continued growth of the esports industry in Hong Kong.

Upcoming ESG Seminar:

Use of Carbon Credits to Offset Greenhouse Gas Emissions by Corporates

As the global community continues to grapple with the urgent challenge of climate change, the role of carbon credits has emerged as an increasingly important tool for corporates to offset their greenhouse gas emissions. Join us for an insightful seminar co-organised with HKINEDA, featuring three expert speakers, including Bill Tsang from Roma Green Finance Limited, who will discuss how supporting carbon credit projects serves as a decarbonisation strategy within Roma.

This seminar, offering 1.5 hours of training, will explore the growing use of carbon credits by corporates, along with other key sustainability initiatives, as strategies to offset their carbon footprints and progress towards achieving their broader sustainability objectives.

Spots are limited! If you are interested or have any questions, please reach out at esgevent@roma-international.com for more information.

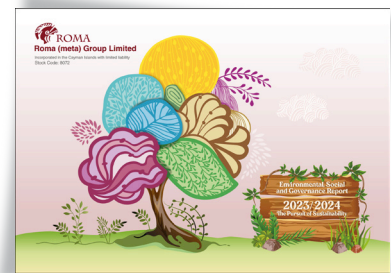

Unlocking a Sustainable Future: Introducing the 2023/2024 Roma ESG Report

Roma is pleased to share the successful publication of the **2023/2024 Environmental, Social, and Governance (“ESG”) Report**, released on 24 July 2024. This ESG Report demonstrates our achievements in:

- **Environmental protection**
- **Responsible operating practices**
- **Employee well-being**
- **Community investment**

Our ESG Report not only highlights our commitment to date but also outlines our targets for the future.

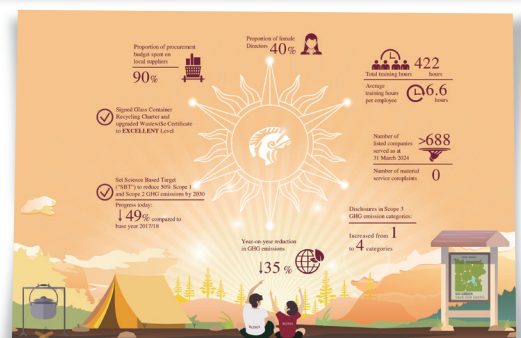

Industry-leading Initiatives

Roma has demonstrated its pioneering position in the industry by:

- **Commitment to SBT:** Being the first listed consultancy firm in Hong Kong to voluntarily set a science based decarbonisation target aligned with 1.5°C of warming above pre-industrial levels.
- **Carbon Offsetting:** Purchasing and retiring certified carbon credits to offset part of our carbon emissions voluntarily through HKEX Core Climate.
- **ESG Data Assurance:** Engaging a third party to conduct an independent assurance for its greenhouse gas emissions to further enhance the accuracy and reliability of the data.

Key ESG Achievements

As we move forward, we will actively assess our target progress and remain unwavering in our commitment to sustainable development, and pave the way for a sustainable future together. Join us in this important conversation about making a positive impact on our environment and society.
